

## **Feedback from other Agencies**

The Children and Young Persons Advocacy Service is now well established and used in the Western Isles. It proved to be a great success with the Service Users from the very beginning. It took a little longer to convince other statutory local agencies, the following comments reflect a service which is growing in strength and reputation;

Thank you for your correspondence of 18<sup>th</sup> May with a very interesting submission from the children. I would ask that you thank the children on my behalf.

**Environmental Health, CnES.**

The report which was developed by young people was very useful and helpful.

**Social & Community Services Dept, CnES.**

I refer to your submission under cover of your letter dated 20:06:09 relative to the above and commend the children for their interest in their local environment and the effort they are making in trying to improve the X area.

**Stornoway Trust**

I accept the good work done by the children and your self on their behalf.

**Technical Services Dept, CnES**

I will now move on to the issues raised by the young people in the area (which are delightfully presented).

**Hebridean Housing Partnership**

There is no need to convince me, it is a quality service.

**Inclusion and Early Years, Education Department, CnES.**
